HERE'S the POINT!

By SPENCE HELD

Did you ever see a purple goose?

The National Automobile Club reports that northern fish and game fellas have been dunking white geese into vats filled with purple, green, pink and yellow dyes, and then turning them loose to hit the migratory trail.

Informed observers watch for the colors going by. They report to the men back at the base, who thereby learn "all about where the geese go when they're gone."

Me, I'm tired of white seagulls. How about painting 'em pink for the tourist trade?

A purple pelican would be quite an attraction.

* ** *

While we're at it, what's the matter with turning over the whale-watching concession to Hollywood and having Walt Disney or somebody go to work on a Parade of Whales.

Instead of a drab migration down the coast, the leviathans would be intercepted at Point Conception by a crew of Hollywood whalers armed with hollow harpoons. These would be connected with hoses from tanks filled with pink ink.

Yeah, they'd inject the whales with glorious Technicolor.

I saw "Giant" at the Strand Theatre Sunday night . . . I read the book a couple of years ago and was glad to see the movie had followed it fairly closely.

It's a powerful social satire on a big rich state and the rich ruthless men who run it; but a person interested mainly in entertainment needn't worry about that. There's enough romance and violent action for almost anybody.

If I were a professional Texan I'd probably feel insulted by "Giant." . . . As a professional Californian, I enjoyed it.

Rock Hudson and Elizabeth Taylor were well cast; but I couldn't see James Dean in the role of Jett Rink, the ruthless oil man. (That's only because of the book—he gives a good performance.)

* * *

I see by the Superintendent's Bulletin, published by the City Schools, that Lewis McVea, principal of Sunset View Elementary School, once worked for a wildcat oil operator in Texas.

She's a Texas gal with numerous hobbies, "including coin collecting, photography, and free lance writing. She is also a member of the San Diego Gem and Mineral Society, and admits to spending $50 for gasoline, tires and food to find 25 cents worth of rock to fashion into a $3 pair of earrings."

Her decision to move to California "had nothing to do with the fact that while serving as a volunteer air raid warden, she punched the wrong button and set off an air raid alarm throughout south Texas."

A thought for today: "Men are what their mothers made them."—Emerson.

Ocean Beach Kite Day Set Friday, March 15

Friday, March 15 is the date for the annual Ocean Beach Kite Festival, and O. B. School children will start making kites tomorrow at the Community Center, according to Jack Dawson, recreation leader.

The Kite Festival is sponsored by Ocean Beach Kiwanis Club and the Park and Recreation Department.

The parade is set for 3:30 p.m. March 15, and children from other schools are cordially invited to participate, Dawson said. The parade will start on Santa Monica Ave., between the school and Community Center, and proceed down Newport Ave. to the beach.

Hundreds of kids are expected to fly kites from the beach, as in previous years.

"We'll furnish kite-making materials," said Dawson, "but the younger children will need the help of their parents." (Probably the 1st, 2nd and 3rd graders.)

The craft room at the Community Center will be available for this purpose during the evening, from 6:30 to 9:30, he added.

Many children are expected to make kites at the 'Center' in the afternoon, after school.

'Learned Ladies' To Be Lampooned In Satire Opening At CWU Tonight

Tonight will be the opening performance of the famous Moliere comedy, "The Learned Ladies" presented by the California Western University Players at the Little Theatre of Salomon Hall. Other performances will be given March 1 and 2, and March 8 and 9.

The play is a brilliant satire on pretentious learning and idle vanity. The story concerns Chrysale, a henpecked husband, who is rightly disturbed when his wife discharges the cook for using bad grammar and tries to marry off their youngest daughter to a vain and asinine poet who persists in reading his poetry aloud.

Other characters include an affected young woman who pretends to scorn marriage, an amorous old maid who thinks every man is in love with her, and two charming young lovers.

Among the cast which includes residents of Point Loma and students at the University are Joseph Hitt, Marian Bear, Sylvia Kircher, Bernice Townsend, Charlotte Stahl, Philip Harstine, Marianne Van Stelle, Otto Cramer, James Heller, Ronald Kurtz, Ann Newell and Donald Pauley.

The furniture and decorations for the play are in charge of Mrs. J. W. Thomas and Mrs. Ben F. Townsend. Scenery has been made by Raymond Sparks, James Heller, and Fred Noll. Posters have been executed by Frances Witkowski.

During the intermission coffee will be served in the student's lounge. Hostesses for the occasion, with Mrs. Mary G. Edward and Mrs. C. B. Loomis as chairmen, will include Miss Vivian Bresenhen, Mrs. M. D. Cronkhite, Mrs. A. J. Fisher, Mrs. Oscar Knauer, Mrs. John Lewin, Mrs. Herbert Smith, Mrs. Raymond Sparks, Mrs. Thomas Witkowski, Mrs. Walter J. Zable, Mrs. C. Roy Young, Mrs. J. H. Thornbery, and Mrs. Mabel Wilder.

Friday evening's performance is sponsored by the Woman's Committee of the Point Loma Methodist Church with Mrs. Rose Thornberry as chairman. Tickets may be obtained from them, and for other performances by phoning either AC-2-1106 or AC-2-6807. Since the Little Theatre seats only 63, it is urged you make your reservations early.

Gone Before Noon

Mrs. Walter Hartnett of Cape May Ave. advertised a crib, mattress and play pen for sale in last week's Peninsula News.

She got her first call soon after 9 a.m. Thursday, and had sold the items before noon.

Officers Elected By Pony League Mothers For 1957

Pony League Mothers held their election of officers at the first meeting of the 1957 season. The election was conducted by the outgoing president, Mrs. Jim Dempsey.

The newly elected officers are: Mrs. Tom Webb, president; Mrs. Arnold Kehrli, vice-president; Mrs. E. L. Kemp, secretary; and Mrs. George Atwood, treasurer.

The refreshment committee is headed by Mrs. Bennett and the program committee by Mrs. Svahn.

Plans are progressing rapidly and additional help is needed. Mothers of all Pony League players are urged to attend the next meeting March 21 at 7:30 p.m. at the Ocean Beach Community Center, Room 2.

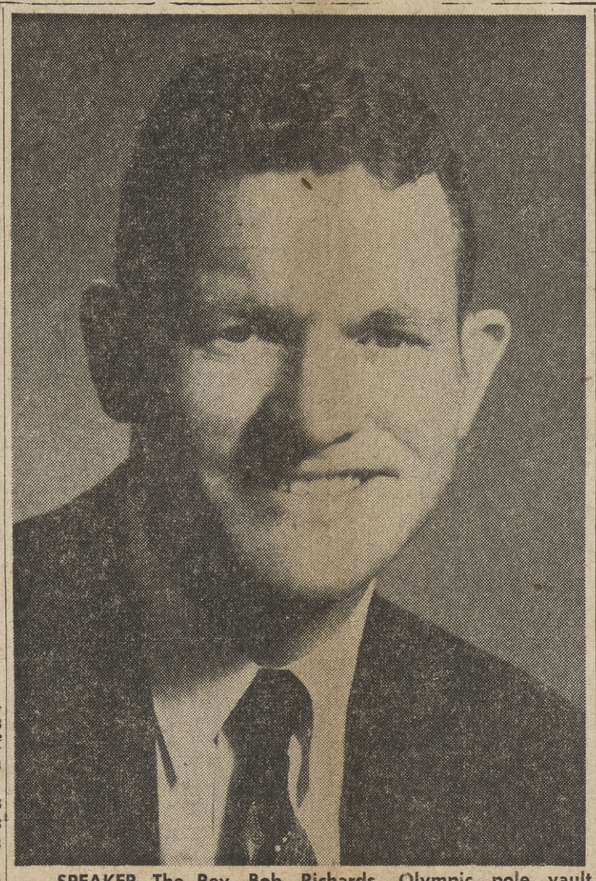
Hilarious Play To Be Presented

Young thespians in play production at Point Loma high school are now in intensive rehearsals for their forthcoming costume-period production "She Stoops To Conquer."

This hilarious farce-comedy by Oliver Goldsmith will be offered to friends and parents on Thursday and Friday evenings, March 7 and 8, with curtain at 8 o'clock, in the school auditorium.

Tickets may be purchased from members of the cast or at the box-office. All seats are reserved, according to Judy Ascher and Dick Isham, business managers.

This is a laugh-provoking play dealing wtih the mistakes of an evening all due to a misunderstanding of two young men. The play is historically, artistically and dramatically outstanding; it is a classic and just as modern today as it was two centuries ago, said Stephanie Smiht, advertising manager.



SPEAKER—The Rev. Bob Richards, Olympic pole vault champion, will speak at the Hi-Y dinner for City League basketball teams in the PLHS cafeteria Monday.

Two Comic Operas To Be Performed At Dana Tonight

"Don Pasquale" and "The Telephone" will be performed tonight, Feb. 28, at 8 by the Educational Opera Association at Dana Junior High School auditorium, adults $1 and students 50c.

A musical comedy in English, "Don Pasquale" is the opera created by Gaetano Donizetti. The elderly Don Pasqaule, "wise, of course, because he's wealthy," is about to disinherit his nephew, Ernesto, because he doesn't wish to marry the bride Pasquale has chosen for him.

To insure the disinheritance, Pasquale proposes to become a bridegroom himself and has asked his doctor, Malatesta, to find a suitable lady. William Eddy stars as Don Pasquale and is supported by Francis Barnes, William Parsons, Marie Gibson and Henry Reese.

"The Telephone" by Gian-Carlo Menotti is a modern comedy involving a moon-struck young man, a tantalizing pretty girl, and an obnoxious telephone. In this Broadway hit, Ben is madly in love with Lucy; but every time he works up enough courage to propose to her, the telephone rings. Henry Reese and Marie Gibson are the cast.

O.B. GOP Women

Miss Nancy Wright, secretary to State Sen. Fred Kraft, gave an interesting talk at a meeting of the Ocean Beach Women's Republican Club last week, explaining many legislative bills before the Senate at Sacramento.

A social hour was enjoyed after the business meeting. Mrs. Verna Lokan was hostess for the day and her tea table was decorated with a Washington's Birthday motif.

COLT LEAGUE

The Peninsula Colt League meeting scheduled for March 4 has been postponed until Monday, March 11 at 7:30 p.m. in the O. B. Community Center.

All parents of prospective players (in the 15- to 16-year-old age group) are urgently requested to attend, since there will be no more meetings until April.

Officers were elected at the last meeting, as follows: E. F. (Al) Bentley, president; E. L. (Ole) Olson, vice-president; G. E. Williams, treasurer, and Mrs. M. C. Tombler, secretary.

The ball park committee, comprising L. Van Stelle, E. W. Downey, William Bradley, Olson and Bentley, met with O. B. Chamber of Commerce directors Feb. 18. They were assured of 100 percent support by the Chamber in their project to acquire temporary facilities in the Mission Bay Park development for both the Colt and Pony Leagues.

Committee members will attend a meeting with representatives of the City Park and Recreation Dept. March 4 in order to back the written request for a field.

Follow-Up Session On Delinquency

The Coordinating Council of San Diego is sponsoring a follow-up meeting here to the Town Meeting on Delinquency Prevention held last February.

This will be held in the cafeteria at Dana Junior High Monday, March 4 at 7:30 p.m. Dr. Robert Kaplan will act as chairman.

Panelists will include Ralph Lukehart of the Police Dep't.; Leslie Patterson, City Social Service, and Theta Wittman, Public Welfare Dep't.

After the panel report, an informal "buzz" session is scheduled.

Prowlers Invade Noel Furniture Thursday Night

Prowlers entered the Noel Furniture store on Newport Ave. last Thursday night and knocked a knob off the safe but failed to open it, according to Jim Noel.

Noel arrived at the store about 6 a.m. Friday. He saw the damaged safe and called police—a prowl car arriving almost immediately.

Officers inspected the premises and deducted that the prowlers, probably two in number, had entered the store through a skylight and left the same way.

The only damage was to the safe—about $50 worth.

A car was stolen in this area Thursday night; police located it later at Barstow, Calif., and it was theorized that the store prowlers might have taken it.

This was the first time the store had been entered by prowlers sinceit was opened in July, 1953, Noel said. The old store was burglarized along about May or June, '53, by miscreants who knocked open the safe and got $700. They also made off with a TV set.

Pony League Sets Tryouts Saturday

Ocean Beach-Point Loma Pony League will hold its first player tryouts Saturday, March 2, at Convair Field on Frontier St., south of Rosecrans.

Tryouts for 13-year-old boys will be from 9 to 12 and for 14-year-old boys from 1 to 4. Boys are advised to bring only their baseball gloves and shoes.

Three tryout dates have been set, March 2, 9 and 16. Boys are expected to attend all three in order to qualify for a position on a Pony League team.

Cal Western Launches Campaign For $1,500,000 Building Fund

A strong spirit of enthusiasm, underscored with faith in a great purpose, sparked the launching last week of California Western University's first major building expansion effort.

The $1,500,000 drive was kicked off at a luncheon on the campus, attended by more than 150 campaign workers, business and civic leaders. The meeting was presided over by Edmund T. Price, chairman of the Board of Solar Aircraft, who is serving as campaign chairman.

Dr. William C. Rust, University president, reviewed the history of California Western, founded in 1952. He praised the Board of Trustees for their dedicated efforts to develop faculty, student body, curriculum and campus.

George A. Scott, a member of the Board, discussed the concern for higher education on the part of business. He stressed the need for training in the field of human relations recognized by business leadership everywhere.

Scott declared that business has a tremendous stake in the development of high quality educational facilities, such as California Western, for they provide the talent mobilized by industry.

He backed up his affirmation by pledging a $50,000 gift to the University, in honor of Dr. Robert Taylor, professor of Religion on the campus, who first directed Scott's interest to the University.

Freshman Norman Liechty explained that he had chosen Cal Western because he sought college training in a small school where "no one is lost in the hustle and bustle, where professors have time to give you personal guidance and instruction, and where you know the emphasis on learning is how to understand yourself and other people."

The main speaker was William B. McKesson, district attorney of Los Angeles County.

He pointed out that California Western centers its educational program around the development of rational, informed young men and women, capable of making decisions and assuming leadership roles in their postgraduate lives.

Plans for the members and guests of eight Protestant churches of the Pt. Loma area to meet together on the World Day of Prayer at 10 a.m., Friday, March 8 at St. Peter's by the Sea Lutheran Church, were announced today by Mrs. George Van Ecken, chairman of the inter-church committee.

This international ceremony of prayer and offering, celebrated next week for the 71st consecutive year, will be observed in 143 different areas of six continents, uniting peoples of all races and cultural backgrounds in a fellowship of faith.

Pt. Loma residents and guests will be welcomed at St. Peter's by the Sea Lutheran Church in Ocean Beach to join together at this time in an order of service which will be celebrated around the world, issued by the United Church Women and written by a Hungarian emigre, Seren Vassady.

Participating churches in this area will include All Souls Episcopal Church, Ocean Beach Baptist Church, Pacific Portal Community Church, Pt. Loma Community Presbyterian Church, Pt. Loma Methodist Church, St. Peter's by the Sea Lutheran Church, Trinity Episcopal Church and Westminster Presbyterian Church.

The theme of the World Day of Prayer, "Who Shall Separate Us?" with its international character will be graphically illustrated by the appearance of members of the various churches in costumes to show the interdenominational missions at home and abroad which will benefit by the offering received at this service.

Music will be provided by the Mothersingers and nursery care for pre-school children will be supplied during the service.

Woman Catches First Yellow At Coronados

Strengthening claims that this will be an early season for surface game fish, first yellowtail of the year has been checked in at the Coronado Islands almost a full month ahead of the first catch there in 1956.

Honor of taking the season's first yellow at the Coronados went to an anglerette, Mrs. F. O. Freeman, San Diego, who made the catch in the middle grounds from a Marine Corps Recruit Depot recreation boat last Friday, one day ahead of the storm which knocked out efforts of regular sportfishing boats to make weekend tests at the Islands.

Mrs. Freeman's fish was the only yellow landed out of several hooked, but fair catches of bonito were made. At the same time, bottom fishing skyrocketed and six boats working out of the Municipal Sportfishing Pier checked in more than 2000 red cod, lings, cow cod, sole, and the like hours before the storm struck.

New tests of surface fishing at the Islands are scheduled by the Point Loma Sportfishing Association and the H & M Sportfishers this weekend, with boats leaving at 6 a.m. Early tests also are planned this week if weather conditions are favorable.

Give Stuffed Peppers Interesting Flavor

BY DOROTHY MADDOX

EVERYBODY enjoys stuffed peppers. They will enjoy them even more if you add to the stuffing a few shakes of aromatic bitters. They add a pleasant and interesting extra flavor.

Stuffed Peppers Trinidad

Four green peppers, 2 tablespoons butter or margarine, 3 tablespoons minced onion, ½ pound ground beef, 1 cup cooked rice, ½ teaspoon salt, ⅛ teaspoon paprika, 1 teaspoon aromatic bitters, 1 No. 3 can tomatoes.

Put peppers in boiling water, cook until just tender. Drain. Melt butter or margarine, saute onions. Add ground beef and saute until well browned. Add cooked rice, salt, paprika and aromatic bitters.

Cut tops off peppers, remove seeds. Fill pepper cases with rice and meat mixture. Place peppers in casserole, pour tomatoes around the cases. Place casserole in medium oven and bake for 15 to 25 minutes.

Sixth Graders At Silver Gate Visit Miramar

On Feb. 21 all three sixth grades of Silver Gate School had the privilege of learning how Miramar Naval Air Station contributes to the aeronautical progress of San Diego.

When the three buses arrived, Lt. (jg) Guy D. Cutting assigned a guide to each group of eight pupils so that everyone could have a more individualized learning situation. During the 90 minutes at the field, the classes inspected jet planes inside and out, examined jet engines, saw parachutes being packed, and got an over-all view of the organization, work, and living conditions of the Miramar personnel.

Not only was the field trip a rich experience for the children, but also for their teachers, Richard Cuthbert, John Crowson and Bill McClain.

'Balance' On TV

Dr. John A. Bishop, 3026 Freeman St., a San Diego pediatrician, will appear as a guest expert on "Balance" the Mental Health Association television series on Channel 10 this Sunday at 3:30 p.m.

Dr. Bishop and Dr. Fannie Montalto, a clinical psychologist, will discuss the topic, "Why Won't Tommy Eat?" The program deals with the physical and psychological factors behind the lack of interest in eating which is displayed by many children.

The resource team will make suggestions for dealing with childish likes, dislikes and attitude patterns during meals.

The series, which traces mental health from infancy through adulthood, is jointly sponsored as a public service by the San Diego Mental Health Association, a Red Feather agency, KFSD-TV, and the State Department of Mental Hygiene.

Bible Comment:

Brutality Must Not Be Considered Part Of Soldiering Life

WE must very definitely understand that Christianity is wholly on the side of health and life. These are its great ends. "I am come," said Jesus, "to give life, and to give it more abundantly."

After this is grasped, it is worth our while to go into the details of the lesson of the healing of the Roman centurion's servant. Here is a Roman soldier, a man in the position of authority. He has soldiers under him and is accustomed to command.

It is undoubtedly true that war is a terrible and brutalizing business. Yet one of the things here emphasized, which stands out in history, is that soldiers have not all been brutes. On the contrary, many of them have had a fine sense of ideals and duty.

This should be emphasized because at least two newspapers, with circulations running into the millions, have suggested editorially that our chief business in America is "the raising of born brutes and young brutes." "This," the newspapers said, "ought to be the aim of the draft."

That is a sad statement. May it not be said in contrast that the defense of this nation and the service of democracy depend upon the measure of idealism and courage, the tender regard for the homes and the country they defend, and the higher virtues that we can instill in our young men?

Here was this Roman Centurion, capable of tender solicitude for his servant. He used his position as a representative of a conquering power to show a magnaminity and kindliness to Jews, people under Roman domination. Here was a man capable of faith and responsive to goodness. This faith was commended by Jesus. It was instrumental in the healing of his servant.

It is a picture worth bearing in mind at a time when brutality is so rife in the world. War offers many problems. The Christian, as a man of peace, is faced with the very real dilemma when he has to meet ruthless aggression.

Arbor Day March 7–Plant A Tree

As is customary at this time of year, Gov. Goodwin J. Knight will soon proclaim "Plant a Tree Week." In California "Plant a Tree Week" generally occurs early in March, for March 7 is not only Arbor Day but also the birthday of Luther Burbank, world renowned California naturalist.

With each passing year, says the California Association of Nurserymen, the significance of "Plant a Tree Week" becomes more important to California and to the nation as a whole. Long ago, naturalists realized the value of trees in holding top soil against the ravages of water and the subsequent prevention of property damage.

Now, even with the present cooperation of commercial and governmental authorities at all levels, much still remains to be done to increase tree planting to prevent and repair damage to our natural resources and to the natural beauty of our state.

The value of trees has also reached into fields other than timber and resource conservation. Highway engineers use trees as sound insulation. Where freeways and highways pass through residential areas, trees planted on either side of the thoroughfare act to absorb street noises. These trees also tend to contain the dust and smoke which is indigenous to heavily traveled highways.

Home owners too, have been quick to recognize the value of trees. Trees uphold the value of property and when fully grown can even affect the temperatures around a home. New subdivisions are made much more appealing to buyers when shade or flowering trees line the streets and adorn the garden.

Industry, too has found that shade trees not only beautify unattractive buildings and areas but furnish a better environment for employees—a fact which has lessened employee turnover and even increased production. Also, where an industry is located close to a residential area, a barrier of beautiful high trees will often provide a screen sufficient to eliminate home-owner objections.

Consult your local nurseryman for the type of shade, fruit or flowering fruit tree which is best suited for your particular needs. As a member of a home-owners association or even of the management of an industry beset with problems of location or environment, you may find trees the answer to your problem.

Sunset View PTA

SUNSET VIEW PTA . . . FRd-c

The highest honor which a Parent-Teacher Association can give was awarded last week to Mrs. K. K. Dobler, 649 Savoy St. Mrs. Lloyd Anderson presented her with a PTA life membership on behalf of the Sunset View School unit, at its Founders' Day meeting.

Mrs. Dobler has given outstanding service in many phases of youth leadership ,according to Mrs. Anderson. In a "This Is Your Life" presentation, PTA members gave examples of Mrs. Dobler's work as Brownie and Cub Scout leader, Sunday School teacher and PTA chairman.

Life memberships in the California PTA Congress, Mrs. Anderson explained, serve both to honor individuals and to further the cause of education. The unit pays $25 for the privilege of making the award, and the state PTA office uses the fund thus created for loans, without interest, to worthy college or vocational students. Or the money may be allocated to scholarships and fellowships.

Mrs. Charles Mann and Mrs. James Jones, past presidents of the unit, were honored guests at the meeting.

USD Film Wins National Award

The United Success Drive film "Three Miracles," which was shown to groups here during the recent campaign, has been awarded an honorable mention in competition with 250 other communities.

Jack Thompson, Jr., 1956 campaign chairman, said the award was presented by a special committee of the United Community Funds and Councils of America.

The award was presented for the "Susan" sequence of the three-part film.

It shows Susan Crouch, 2, and her mother at the San Diego Hearing Society. Susan, who has been deaf all her life, hears her first sounds by means of maximum amplification.

Judges for the contest were Ray Mackland, photo editor, Life Magazine; Ed Hannigan, editor, U.S. Camera Magazine; and Francis Thompson, producer-director, International Film Foundation.

The film was produced by the United Success Drive through a grant from the Junior League of San Diego, Ltd. It was shown to approximately 100,000 persons in the Drive area.

Highway Patrol's Words Of Wisdom

SACRAMENTO—Freeway and multi-lane highway driving demands special attention to the traffic laws if safety is to be attained, says the California Highway Patrol.

"The first, and most important rule is staying in the right-hand lane except when passing another vehicle or planning a left turn," declared Patrol Commissioner B. R. Caldwell. "Drivers who poke along in the wrong lane or who utilize the passing lane for a driving lane are accident-causing potentials and subject to arrest.

"Moving with the normal and legal flow of traffic is also important for safety," Caldwell continued. "Drivers who race along cutting in and out of traffic or who lag so slow they interfere with others are headed for an accident or a citation.

"Other laws applying to multi-lane driving include proper signals when changing lanes or planning to turn, keeping a safe distance behind the car ahead and preparing yourself for anticipated turns by getting into the correct lane well in advance of the turn," he concluded. "Freeway and multi-lane highway driving can be accident-free if drivers will obey the rules."

Though the mountain lion has a natural aversion to water, it can, reports National Automobile Club, swim exceptionally well if necessary.

WHAT IS INDIVIDUAL ATTENTION?

Individual attention is the keynote of good dry cleaning. When your garments are brought in, they are sorted so that light wools, dark wools, and silks are cleaned separately.

Each garment is carefully examined to see if there are any outstanding hard to clean spots, such as coffee, milk, blood, paint, grease, beverages, etc. These spots are pre-cleaned in addition to the regular cleaning process, to give you better individual cleaning and faster service.

4 HOUR SERVICE

PRESSING
While You Wait

Mary Campbell is shown marking a garment for individual attention before being sent to the cleaning room. Every garment is checked and marked as soon as we receive it. Minor repairs, such as replacing buttons, re-stitching seams, are made free of charge whenever possible.

Children's Dental Health Week Offers Reminder To Parents Here

Peninsula parents can make next week one of the most important in their children's lives, according to Dr. Roy O. DeLand, 4907 Santa Monica Ave., local chairman for National Children's Dental Health Week.

The week is being celebrated here from March 3 - 9. The American Dental Association sponsors the event annually, Dr. DeLand said, as a reminder to parents of the things they should teach their children to take good care of their teeth.

"The child who develops sound dental habits at an early age," he said, "can have healthier teeth that will last him his life."

Responsibility for forming good habits is up to parents, "because children can't handle this problem alone. They need guidance at home."

Dr. DeLand pointed out that dentists daily see tooth decay in children that "doesn't have to happen." The average 16-year-old, he said, has seven teeth that have been attacked by decay. At 41 the average person has 19 decayed, filled or missing teeth.

Parents can start their youngsters out on a life-time habit for good dental health, he went on, by putting over these points to their children:

Brush the teeth immediately after eating and after drinking anything sweet. Sweet food particles form decay-causing acids that work on the enamel of the teeth almost instantaneously.

When a toothbrush isn't handy, rinse the mouth thoroughly with water after meals or snacks.

Eat a well-balanced diet low on sweets. Replace sugar-rich foods with fresh fruits and uncooked vegetables such as carrots and celery.

Don't expect any tooth paste or tooth powder to perform miracles. It's the brushing that counts.

Fashion Show Set At SES Hall Tues.

Mothers and children from St. Agnes Catholic school will combine efforts to present a showing of the latest in spring fashions at S.E.S. Hall, 2818 Addison St., March 5 at 7:30 p.m.

Benefiting from proceeds of the show will be the new kindergarten and parish hall which St. Agnes parish hopes to build this year on property acquired directly opposite the church. Monsignor Forrestal, pastor, already has the promise of a teaching nun for the kindergarten in 1958.

St. Agnes School, built 10 years ago, began with an enrollment of 250 and now has a capacity load of 400.

Children from pre-school to teen age will serve as models under the supervision of Miss Edith Antelline, of La Jolla, who will be the commentator.

Decorations, under the supervision of Mrs. Joseph Adelman, will follow the theme of "Spring Confections" and the young models will walk down Lollypop Lane and climb Marshmallow Mountain while displaying their fashions.

General chairman for the event is Mrs. Joseph C. Zauri, who is assisted by Mrs. Rita Ballatore, Mrs. Grady Crone, Mrs. Edward Rose, Mrs. Harold Celeste and Mrs. Ted Santos.

CATHOLIC DAUGHTERS

Seven new members were initiated in the Court St. Rose of Lima, Catholic Daughters of America, at a meeting held Feb. 20.

They are: Mmes. Florence Silva, Kay Marie Ready, Mary Martin, Emily Silveria, Gloria Freitas, Mary Machado and Simone Stewart.

Mrs. Clare Fitzgerald, state secretary, was honored after the initiation ritual with a surprise reception. Other guests of honor included Mrs. Manila Caprine, state regent; Mmes. Anna Pritchard, Victoria Petrone, Sarah Monteverdi, and Margaret Amick, and Miss Lillian Kennedy, all appointed chairmen.

Mrs. Harold Fernandes, hostess grand regent, was initiating officer.

Cabrillo PTA

Founders' Day was celebrated by the Cabrillo School PTA at a tea in the school auditorium, Tuesday afternoon, Feb. 19.

Highlights of the program were Mrs. Robert Higgins' reviews of several current books, and the presenting of PTA life memberships to Miss Ynez Allen and Mrs. Bernice Williams, both of the Cabrillo faculty.

To present the honored guests, the former PTA presidents, Mrs. Richard Maloney, the Founders' Day chairman, composed clever verses telling of the highlights of each honoree's term of office. The first recipient of a Cabrillo PTA life membership, Mrs. Francis L. Ferris, was present. Miss Grace E. Finley, Cabrillo principal, and Mrs. Arthur Jessop, PTA president, poured.

In celebration of George Washington's birthday, Mrs. Katherine Hole's fifth grade class presented an original play on Washington's life, narrated by Tommy Hurlburt, to the upper grades Thursday afternoon. Mrs. Hole will leave the school March 1, to return to Miami, Florida, where Mr. Hole's business interests have called him.

LIGHTHOUSE SQUARES SPONSOR NEW CLASS

A new beginners class in square dancing will start Friday, March 8, from 7:30 to 9:30 p.m. in the auditorium of Silvergate School, 1499 Venice St., it was announced.

Sponsored by the Lighthouse Squares, the new class will have Bob Daugherty as instructor and caller. For additional information, call JU-2-6052 or AC-3-1962.

New officers recently elected are: Wayne Edmonds, president; Ken Nikodym, vice - president; Wilma Colonell, secretary and Adelyn Hamilton, treasurer.

WASHINGTON AND

"SMALL BUSINESS"

By C. WILSON HARDER

It's a long way from U. S. A. to Suez, yet it appears early tax relief for American business and individuals may have been drowned in that narrow strip of brine through desert sands.

* * *

For with England, France, lacking Arabian oil, mighty drive is underway to get oil from Western Hemisphere with American dollar aid.

C. W. Harder

* * *

Early last summer in this column it was predicted State Dept. meddling in Egypt with foreign aid funds would eventually result in American taxpayer getting it in the neck.

* * *

When Nasser siezed canal, this column pointed out his action was taken when State Dept. renegged on promise to build dam in Egypt.

* * *

In considering the whole sorry picture it is important to bear in mind Suez Canal operation, i. e., the collection of fat tolls, is purely a private enterprise in which individual Englishmen and Frenchmen, of some political power, are stockholders.

* * *

The immediate cry was that Nasser would close the canal. But after all, anyone needing cash money as badly as Nasser just doesn't close up shop on a profiitable going business.

* * *

As usual, State Dept. couldn't resist temptation to get into act and promised England a half billion American tax dollars to defray cost of tanker shipments around the Cape. As usual, Congress was not consulted.

* * *

But the canal was not closed. In fact, traffic proceeded at a good clip, and no oil shortage loomed. The only trouble was that influential English and French stockholders were not collecting the big tolls.

* * *

So Anglo-French forces, equipped in part with arms supplied them by U. S. taxpayers for defense against Russia, moved in without warning with real rootin' tootin' warfare.

* * *

When a trigger is pulled, most anything can happen. So a few excitable Arabs blew up some pipelines, a few ships got sunk in the canal, blocking it.

* * *

It seems impossible an all-out assault could have been mounted on Egypt without somebody in the U. S. knowing about the plans in advance. If American intelligence cannot learn of the war plans of so-called allied nations, there is a doubt as to just how efficient that intelligence service would be in learning in advance of hostile moves by communists.

* * *

In addition, it is peculiar how immediately after this sad fiasco, American oil companies started talking higher prices for U.S. consumers. How this figures is apparently anybody's guess.

* * *

Yet, unless stern resistance develops in Congress, it is a pretty sure cinch American tax money will again bail England out of the mess it has gotten itself into through stupidity, cupidity, and with complete disregard for the high moral principles of the United Nations.

* * *

Once again England has proved its word valueless. If it is to the American interest to again extend financial interest, it should be undoubtedly on a sound businesslike loan basis with a profitable rate of interest charged, backed by ample collateral. For example, Fort Knox would be a safe place to hold British Crown jewels as collateral for one fair-sized loan. And there's royal precedent for this, too. Did not Queen Isabella hock her jewels to give Columbus a hand?

Warren-Walker School News

Two happy groups of upper grade children and their teachers moved into new ocean-view classrooms at Warren-Walker School late in January. Contemporary architecture makes this addition an exciting event.

On Tuesday, Feb. 19 at 9:15 a.m., Alice in Wonderland came alive for the parents of the sixth, seventh and eighth grade children, in a second performance of that group's February assembly program.

The program took place in the new patio, where landscaping and the building's unusual lines enhanced the wonders of this delightful fairy tale.

Miss Margaret Farrelly, the group's teacher, directed the play emphasizing its whimsical humor, with special Irish talent.

Children who took part in Alice in Wonderland included the following: Ingrid Gustafson as Alice; Nina Gustafson, Billy Farnum, Buddy Kazangian, Karen Gibson, Sandra Whittemore, Dixie Shannon, Barbara Stephens, Katherine Barker, Christopher Stone, Stella Peters and David Hobson.

Skit Produced

On Feb. 21 at 1 p.m. second and third grade children under the direction of their teacher, Mrs. Roxie Robertson, produced for their parents a short skit entitled "February 22, 1790."

The play summarizes a unit of study concerning the life of George Washington and his family. It was authored by Mrs. Rose O'Brien, kindergarten teacher.

Following the skit, Jan Schuster, daughter of Mrs. Jeannette Schuster, who instructs the fourth and fifth grades, exhibited a flag with 13 stars, which is a family keepsake, and gave its history.

Children who took part in the skit included: Lenora Adams, John Bryant, Jerilyn Dodge, Andrea Epsten, Stephen Fox, Lynda Shannon, Danny Riley, Patti Hogan, John Iles, David Kahn, Donna Lawrence, Lisa Lieberman, Tommy Nickel, James Ogden, William Zook, Steve Barta, John Donnelley, Pete Kaser and Michael Gibson.

Anita Club Names New Officers

Mrs. Joseph Tadaro will be the new president of The Anita Club, an organization formed 23 years ago for women of Italian descent.

Other officers include Mrs. John Evans, vice-president; Mrs. Frank Fornaca, secretary, and Miss Albina DeRocco, treasurer. Mrs. E. DeRocco, of Point Loma, is club sponsor.

The first event of the new club year was a potluck dinner last Saturday night at the Ocean Beach Women's club.

Panhellenic Ass'n. To Meet Saturday

Mrs. William T. Kearns, of Point Loma, will review Miss Emily Kimbrough's latest book, "Water. Water, Everywhere," at a luncheon meeting of the San Diego City Panhellenic Association, Saturday, March 2, at 12:45 at the San Diego Women's club.

In contrast to the program, the decorations will introduce springtime in the desert. The committee in charge includes Mmes. W. W. Bryant, Robert Quiett and Donald Ashley.

Hostess sororities have invited the president of their San Diego State College chapter to be a guest at the luncheon. Miss Janet Luckenbach, of Kappa Delta, and Miss Marilyn Clark, of Delta Zeta will attend.

Some reservations from Point Loma include Mmes. David Pain, C. J. Bowers, S. T. Radenz, C. C. Harness, Jr., James Baldry, R. T. Blair, H. C. Jones, and Misses Viola Sommermeyer, Eleanor Ascherfield and Charlene Robbins.

Camp Fire Girls Regional Meeting

Mrs. Robert J. Sullivan, of 589 Gage Lane, new president of the San Diego County Council of Camp Fire Girls, and other Peninsula residents will attend a regional Camp Fire Girls meeting March 1-2 at the Statler Hotel in Los Angeles, it was reported.

Those expected to attend include Dr. and Mrs. Elliott G. Colby, Mrs. Melvin Long and Mrs. Benton McCormack.

Mrs. Sullivan succeeded Dr. Colby as president of the County Council of Camp Fire Girls. He headed the organization the past two years; he is a member of the national board of directors and chairman of the national camping committee.

Over half of all farms own trucks and three out of four farms own passenger cars, according to the National Automobile Club.

BRIDGE SCORES

Ocean Beach Community Center scores for Feb. 13 were as follows: High Over-All East-West—Lillie Kocar, Belle Quimby; 2—Estella Wells, Hazel Baker; 3—Julie Reese, Mary White. North-South—Josephine Carpenter, Vera Michael; 2—Mr. and Mrs. John Christy; 3—Eunice Harwood, Carrie De Lane.

A road speeds of 60 miles per hour, about 3,000 gallons of water are circulated through the average automobile radiator per hour, according to the National Automobile Club.
